

**Position:** Boiler Service Technician  
**Location:** Sacramento, CA & surrounding area  
**Reports To:** Service Manager

R. F. MacDonald Co. has an immediate opening in our Modesto office for a **Boiler Service Technician** position in our Boiler Service Department. We are looking for a service technician STAR. If you can troubleshoot industrial and commercial boilers and associated burner/control systems – you are a potential candidate. .

R.F MacDonald Co. is a leading boiler and burner manufacturer's representative, with locations throughout California and Nevada. We represent industry leading product lines such as Cleaver Brooks, Nebraska, Camus Boiler, Fulton Boiler, Industrial Combustion Burners, Natcom Burners and Cannon Economizers.

**Required Skills & Abilities:**

- Ideal candidate should have some experience in troubleshooting and servicing boilers. Hands on ability to perform combustion set up and analysis as well as troubleshooting skills to determine and adjust a full range of burners. Experience with Low Emission burners and related equipment is a plus but not a requirement.
- Must have strong electrical and troubleshooting skills working with electrical systems from 12 VDC to 480 VAC.
- Must have good communication skills and the ability to work both independently and in a team atmosphere.
- Accountable for the completion of internal and external inspections of boilers, burners, and associated controls and determine function ability and expected service life.
- Repair and/or replace gaskets, parts, and miscellaneous controls.
- Perform, troubleshoot and repair of industrial burners.
- Evaluate basic boiler room systems (steam and hydronic), gather information and help solve problems.
- Must be detail oriented in completing work orders, all required forms, summaries, and checklist daily or as required in procedures manual.
- Must have strong language skills as well as industry specific vocabulary.
- Basic mathematics, algebra, and formula knowledge are required.
- Must have very strong reasoning and problem solving skills.

**Education & Experience Requirements:**

Completed High school diploma or equivalent. Two years of technical school, community college or trade school preferred. Computer knowledge a plus.

**Other Requirements:**

A valid driver's license is required with a clean record. Must be insurable with no major infractions. Job will require some travel. Applicants must pass pre-employment background and an initial and subsequent random drug screening tests.

We are looking for self-motivated individuals who enjoy working independently, as well as in a team atmosphere. Good customer service skills are mandatory.
