# Join Us

## The Unified Wine & Grape Symposium

We hope you will be available to join us at the Unified Wine & Grape Symposium. Our experience with wineries such as Mondavi Woodbridge Winery, Delicato Family Vineyards, Rodney Strong Vineyards, Sonoma Wine Company and

Franzia are just a few of the companies that have given us a vast amount of experience with wine growers, processors and bottlers. Our company represents a large array of boiler and pump manufacturers and we will be featuring several new products that can help streamline and enhance your vintner operations. In addition, we will have knowledgeable staff members available to answer any questions you may have on boilers, pumps or ultra low NOx equipment.

### FREE EXHIBIT HALL ENTRANCE VOUCHER

Contact us before January 18th and receive one free Exhibit Hall Voucher which allows pre-paid admission to the exhibits - a \$60 value.

**FEATURED PRODUCTS AND SERVICES AT THE SHOW**

Stop by our Booth 1403 to view some of the new products that we will be featuring. Staff will be available to answer questions and provide product literature and demonstrations. Here are a few products and services we will be highlighting at the show.

**Warren Rupp Air Operates Diaphragm Pumps with New Air Saving Technology**

Warren Rupp will be presenting Energy Saving Technology for 2 and 3" APDD pumps that feature new air saving technology for reduced energy costs. This technology continuously monitors the process and delivers the optimal amount of air to complete each stroke.

**DynaFlame Hot Water boiler by Camus**

DynaFlame is a gas fired, copper fin-tubed boiler that will meet all of your winery's domestic hot water needs, including wash down, barrel washing and sterilization. This installation is located at the Mondavi Woodbridge Winery.

**Seepex Open Hopper Pump**

A low shear progressive cavity, solids handling pump for whole berry clusters, must, pomace, lees and juice. These versatile pumps meet utmost technical and qualitative customer demands.

**Grundfos new FB Hygienic Pumps**

Sanitary, centrifugal pump with unique Higenix design and electro polished surfaces can meet strict hygienic requirements. These compact units are designed for flexible use, allowing many different processors to benefit from the pump's reliable performance.

**Regulatory Compliance**

New boiler emission requirements are now in affect in the Bay Area, Central Valley and Los Angeles areas. Visit with our representatives to learn about the rules and the potential impact on your business.

**ABOUT R.F. MACDONALD CO.**

For over 50 years, R.F. MacDonald Co. has been in the business of supplying and servicing boilers and pumps to industrial and commercial customers in California and Nevada. We represent over 35 of the highest quality equipment manufacturers in the industry to ensure we apply the right product for your application. We maintain a service fleet that is available 24/7 within all of California and offer a wide range of specialty services as well.
