February 2017

Dear R. F. Macdonald Co.,

State Center Community College Foundation is excited to share what we've been able to accomplish in 2015 with your help. Through generous contributions, heartfelt community support, and the dedication of the Foundation Board members, we raised more than \$2 million.

Your partnership goes a long way in helping students achieve a dream that is too distant for so many – a college education. Every dollar goes to supporting students working to achieve their academic goals and maximizing the impact of programs and projects to help them become leaders in our communities. Together, we are making it possible for students to not only improve their own lives, but also change the lives of others.

Your investment honors the past, affirms the present and helps our students embrace the future. Last year the Foundation awarded 1,274 scholarships totaling more than \$446,000. Together, we can continuously help to improve our campuses and programs and to give even more students the opportunities to study, learn and become our leaders of tomorrow.

Thank you for making a difference. Deron Walker, Fresno City College scholarship recipient said in his speech at the scholarship ceremony, "Thanks most of all to the donors for being a big part of giving people such a great opportunity to get ahead with their financial needs as hard working students. I thank you on behalf of everyone who has struggled through life and the financial strains of college who are now struggling less thanks to you."

I invite you to read our 2015-2016 annual report and see how your generosity truly makes a lasting difference for educators, students, families and this place we call home.

Thank you,

Rico Guerrero
Executive Director

Mission Statement

State Center Community College Foundation is committed to supporting the needs of the district, its students, and the local community through resource development that directly enhances the access to and quality of a community college education.

ENDOWED SCHOLARSHIPS

The Foundation currently supports 148 endowed scholarships. This number continues to grow as more and more donors realize the benefit of funding a scholarship in perpetuity. Endowed gifts are deposited into a restricted financial account and student scholarships are awarded with earnings from the restricted principal gift. Many donors continue to establish endowment scholarships due to the Foundation's Board of Directors matching "new" dollar-for-dollar contributions of \$5,000 or more.
