YOUR PREMIER SUPPLIER OF PUMPS, PARTS, SERVICE, TRAINING AND FABRICATED SYSTEMS

ITT Goulds Pumps
Goulds Pumps is the dominant brand worldwide with over a million installed process pumps in service. Goulds industrial brands include Goulds Pumps, A-C Pump, PumpSmart and PRO Services.

Key Features & Applications: ANSI, Process, Water, Sewage and Slurry Pumps, Chemical Resistant Base Plates, Pump Smart Controls, ANSI Centrifugal, Mag-Drive, Non Metallic, Slurry and Vertical

Viking Pump
Viking Pump, Inc., a Unit of IDEX Corporation, designs and manufactures positive displacement pumps for use in every major market — in thousands of applications.

Key Features & Applications: Sealless Pumps, High Speed Compact, Motor Speed, Abrasive Liquid, Ammonia Pumps, Asphalt Pumps, Vane Pumps, Gear Reducers, Rotary Lobe Pumps and Rotary Gear Pumps

PACO
PACO Pumps are one of the world’s finest and most complete lines of centrifugal pumps and pumping systems.

Key Features & Applications: Commercial, Industrial, HVAC, Stainless Steel Components, Sump and Well, In-Line, Circulators, Dosing, End Suction, Effluent and Sump, Special Service and Horizontal Split Case

Toyo HEVYY
Toyo is a unit of HEVYY pumps. They are a world leader in slurry pumping solutions which handle everything from dirty water to the heaviest slurries.

Key Features & Applications: Filling Coffer Dams, Moving Seriously Sedimented Slurry from a Tailings Pond, Eliminating Clogging at Paper Recycling Plants, Dewatering Mines, Cleaning Municipal and Industrial Sumps

R.F. MacDonald Co. sells, services and repairs the best centrifugal and positive displacement pumps with a wide range of features.

We also offer service and maintenance plans. Our factory trained and certified technicians are available for field services and specialized in-house services to keep your equipment in top operating condition and at peak efficiency.

Check out our full line of products for Southern California.

Circulators, Dosing, End Suction, Effluent and Sump, Stainless Steel Components, Sump and Well, In-Line, lines of centrifugal pumps and pumping systems. PACO Pumps are one of the world's finest and most complete for reliability and value throughout the world. The latest in electronics. Grundfos pumps are recognized for corrosion resistance. Grundfos is one of the world's largest manufacturers of Grundfos, pumps featuring unique stainless steel construction and Grundfos.

Industrial Sumps for Dewatering Mines, Cleaning Municipal and Pond, Eliminating Clogging at Paper Recycling Plants, pumps which handle everything from dirty water to the heaviest slurries. Toyo HEVVY Compact, Motor Speed, Abrasive Liquid, Ammonia Pumps, Key Features & Applications: Sealless Pumps, High Speed major market — in thousands of applications. Viking Pump manufactures positive displacement pumps for use in every environment applications. Viking Pump produces pumps. Available in several pump designs, they provide manufacturing of non-metallic, fiberglass reinforced Fybroc is the world leader in the design and.

WEIR Specialty Pumps and Submersible Pumps Key Features & Applications: Food Transfer, High Seawater and Waste Liquids Pumps for Acids, Brines, Caustics, Bleaches, Solvents, Mag-Drive, Cantilever, Sump and Vertical Turbine Key Features & Applications: ANSI, Self-Priming, environmental applications.

We also offer service and maintenance plans. Our factory trained and certified professionals provide excellence.

Bowie Industries Key Features & Applications: Rubber Lined Rotary Gear Pumps, Abrasive Handling and Corrosion Resistant.

Vertiflo Pump Company Key Features & Applications: Horizontal and Self-Priming Centrifugal Pumps, Vertical Sump, Cantilever, End Suction Pumps, In-Cast Iron, Stainless Steel and Special Alloys.

Dekker Vacuum Technologies Key Features & Applications: Rotary and Liquid Ring Vacuum Pumps and Systems and Liquid Ring Compressors.

SERO Pump Systems Key Features & Applications: Industrial, Municipal, Oil and Gas, Chemical and Channel Pumps.

Price Pump Key Features & Applications: Stainless Steel, Cast Iron, Bronze Fitted Centrifugal Pumps, Booster Stations, Multi-Stage, Horizontal and Vertical.

Shippensburg Pump Company Key Features & Applications: Centrifugal, Turbine, Single and Multi-Stage, Bronze Fitted, Ideal for Boiler Feed and Condensate Units.

ACCESSORIES Gear Reducers, Machine Monitoring, Motors, Pulsation Dampeners, Variable Speed Drives and Valves.

Flex-A-Seal Key Features & Applications: Industrial, Municipal, Oil and Gas, Chemical, Custom, Welded Metal Bellows, Split Cartridge Mechanical Seal.

John Crane Key Features & Applications: Wide Variety of Seals Including Bellows, Cartridge, Non-Contacting, Pusher and Split Seals.

Fulflo Key Features & Applications: Hydraulic Bypass Relief Valves 3/8” to 4”, 1-2,000PSI, Threaded and Flanged.
