R.F. MacDonald Co. sells, services and repairs the best centrifugal and positive displacement pumps with a wide range of features.

We also offer service and maintenance plans. Our factory trained and certified technicians are available for field services and specialized in-house services to keep your equipment in top operating condition and at peak efficiency.

Check out our full line of products for Northern California.

**ITT Goulds Pumps**
Goulds Pumps is the dominant brand worldwide with over a million installed process pumps in service. Goulds industrial brands include Goulds Pumps, A-C Pump, PumpSmart and PRO Services.

Key Features & Applications: ANSI, Process, Water, Sewage and Slurry Pumps, Chemical Resistant Base Plates, Pump Smart Controls, ANSI Centrifugal, Mag-Drive, Non Metallic, Slurry and Vertical Turbine

**Seepex**
Seepex progressive cavity pumps, macerators and control systems are incorporated into a state-of-the-art quality management system.

Key Features & Applications: Solids Handling, Low Shear, Non Pulsing Pumps for Food and Beverage, Pulp and Paper, Biofuels, Oil, Gas and Chemical

**Grundfos**
Grundfos is one of the world’s largest manufacturers of pumps featuring unique stainless steel construction and the latest in electronics. Grundfos pumps are recognized for reliability and value throughout the world.

**PACO**
PACO Pumps are one of the world’s finest and most complete lines of centrifugal pumps and pumping systems.

Key Features & Applications: Commercial, Industrial, HVAC, Stainless Steel Components, Sump and Well, In-Line, Circulators, Dosing, End Suction, Effluent and Sump, Special Service and Horizontal Split Case

**ITT Goulds Pumps**
Goulds Pumps is the dominant brand worldwide with over a million installed process pumps in service. Goulds industrial brands include Goulds Pumps, A-C Pump, PumpSmart and PRO Services.

Key Features & Applications: ANSI, Process, Water, Sewage and Slurry Pumps, Chemical Resistant Base Plates, Pump Smart Controls, ANSI Centrifugal, Mag-Drive, Non Metallic, Slurry and Vertical Turbine

**Ceeco Fybroc**
Fybroc is the world leader in the design and manufacturing of non-metallic, fiberglass reinforced pumps. Available in several pump designs, they provide excellent corrosion resistance for harsh chemical and environmental applications.

Key Features & Applications: ANSI, Self-Priming, Mag-Drive, Cantilever, Sump and Vertical Turbine Pumps for Acids, Brines, Caustics, Bleaches, Solvents, Seawater and Waste Liquids

**Goulds Water Technology - Xylem**
Goulds Water Technology manufactures centrifugal and turbine pumps, controllers and variable frequency drives for agricultural, building trades, commercial and light industrial water and wastewater applications.

Key Features & Applications: Biopharmaceutical, Chemical, Mining, Oil and Gas, Power, Pulp and Paper, Centrifugal and Turbine Pumps, Controllers and Variable Frequency Drives

**Viking Pump**
Viking Pump, Inc., a Unit of IDEX Corporation, designs and manufactures positive displacement pumps for use in every major market — in thousands of applications.

Key Features & Applications: Sealless Pumps, High Speed Compact, Motor Speed, Abrasive Liquid, Ammonia Pumps, Asphalt Pumps, Vane Pumps, Gear Reducers, Rotary Lobe Pumps and Rotary Gear Pumps

**Warren Rupp Sandpiper**
Key Features & Applications: Metallic, Non-Metallic, Ball and Flap, Heavy and Standard Duty, High Pressure, Solids Handling, High Lift, Process and Sanitary Applications and ATEX Certified
