FRESNO, CA

**OCTOBER 5/6, 7/8**  
MODESTO, CA

### CLEAVER-BROOKS SYSTEMS PLUS / \$750

Level 1: Operations, Safety, Reliability, and Efficiency

This two-day course is designed for Boiler Operators, Maintenance Personnel and front line Supervisory Personnel. The class reviews what a boiler is, how it operates and what ancillary equipment is required to support its operation. Additionally, the program stresses safety and the proper operating practices required to maximize efficient, safe and reliable service of the equipment.

### BOILER OPERATORS WORKSHOP / \$1,150

This two-day workshop is designed for maintenance, plant, stationary or mechanical engineers as well as maintenance personnel who are responsible for new installation or repair of boilers. However, anyone seeking a basic working knowledge of boiler room equipment, with select hands-on instruction, will benefit from this class. Courses differ between two sessions, covering Steam Boilers or Hydronic Boilers, and both are CWEA & AFE Certified.

COLOR KEY
